Valeria Abendroth: Laboratorium suggerere

11 August–9 September 2023

MMC KIBLA / KiBela

You are cordially invited to the opening of the intermedia installation of the respected, internationally established artist **Valeria Abendroth** *Laboratorium suggerere*, which will take place on **Friday, August 11, 2023, at 7 p.m., in the space for art KiBela.**

On Saturday, August 12, 2023, at 12 a.m., we invite you to breakfast with the artist and a presentation of her work.

Walk through a medical development laboratory that blends reality and fantasy. Realistic 3D prints of human organs designed for medical training are placed with art objects created by the artist. Compared to classical anatomical rendering, the ability to manipulate these physical objects brings a new dimension of awareness of their characteristics – size, shape and texture.
