Ejti Štih: Red and Gold

14 June–20 July 2024

MMC KIBLA/KiBela

You are cordially invited to the opening of **Ejti Štih's** solo exhibition **Red and Gold**, which will take place on **Friday, 14 June 2024, at 7 p.m. at the KiBela space for art.**

With a strong painterly sensibility, painter Ejti Štih depicts scenes of the real world and people's unfriendly everyday life, where many just look away. The artist addresses often overlooked themes that are still unresolved, yet strive for being resolved.

The artist paints the hardships, doubts, difficulties, accusations and guilt experienced by women. She paints them in red, the color of blood and struggle. The color of infinity is represented by gold, which is also important in her entire oeuvre, and every woman will come into this infinity.
