Vito Oražem and Lela B. Njatin: Signum Punctum

10 May–8 June 2024

MMC KIBLA/KiBela

You are cordially invited to the opening of the exhibition by **Vito Oražem and Lela B. Njatin** entitled *Signum Punctum*, which will take place on **Friday, 10 May 2024, at 7 p.m. at the KiBela Space for Art.**

Worded images and depicted words. Letters and sentences, stories and views, wells of thought, springs of light. Pillars of consciousness and containers of memories. Glimpses in the mosaics of our intertwining between the perceivable and the imagined, the meeting point of the ineffable at the center of the story. Narratives. Walks through reality and through the monuments of creation. Through space-time, through the spaces of sensation and existence. Life. Images. Signs. Moments. Transient in the past, timeless in the present. Instant and captured. In the visible and the expressible. In the existing and the moving. In wholeness and unity. The duality, the duality of observation, the ambiguity and simplicity, the vastness and purity, fuses text with image, unzips the photograph, unbuttons it, and lets it drop to capture time in the story, in that infinite space where horizons converge.
