FRANCI PEPERKO

In memoriam (1978-2016)

KONČNO NESKONČNO FINALLY INFINITY

(retrospektivna razstava - retrospective)

22. april–1. junij 2016

22 April–1 June 2016

KIBLA PORTAL, Valvasorjeva ulica 40, Maribor

Franci Peperko je ob ustvarjanju odkrival, mestoma pravzaprav bliskovito repetiral med občo raznolikostjo in odkrivanjem novih resnic. V delih je obravnaval predvsem naravo kot tako; zanimala ga je njena urejenost ter hkrati nujnost in neoporečnost. Časovna nedoločenost obstoja ga vodi do spoznanja, da je aktualna “resnica” odvisna izključno od njenega vsakokratnega nasprotja. Slikarsko in umetniško se je izobraževal na Šoli za risanje in slikanje (Arthouse – College of visual art) v Ljubljani, kjer je diplomiral leta 2011.

Franci Peperko je stopil onkraj neskončnosti. In z njim njegova resnica. V absolutni neskončnosti je tudi ta brez konca.

In to šteje.

For Franci Peperko, painting was always a discovery. In fact, at times it seemed that he swiftly charged between common diversity and the discovery of new truths. His works were concerned mostly with nature as such; he was intrigued by its orderliness, and at the same time its necessity and purity. The temporal indefiniteness of existence leads Peperko to the realization that the actual “truth” depends each time and exclusively on its opposite. Peperko perfected his skills as an artist and painter at the Arthaus – College of Visual Art in Ljubljana, graduating in 2011.

Franci Peperko took a step beyond infinity, his truth beside him. In absolute infinity, this truth is endless as well.

And that’s what counts.

»Čas je včasih naš zaveznik, velikokrat je tudi naš sovražnik.
Vendar je povezan z resnico. In to šteje.«

»Time is our ally sometimes, though it is often also our enemy.
But it always has to do with truth.
And that's what counts.«
